Enthusiastic BCA graduate, currently advancing my education with an MCA, with a strong foundation in Python development, Django, and ERPNext. Skilled in problem-solving and passionate about applying technical skills to real-world projects. Committed to continuous learning and contributing effectively to dynamic development teams.

PROFESSIONAL EXPERIENCE

Pseudocode technolab (6 Month)   **Ahmedabad, Gujrat**
Python Developer Intern   *Oct 2024–April 2025*

- Developed skills in Python and Django by working on real-world web application projects.
- Successfully built a college project using Python And Django, implementing best coding practices and real-world programming concepts.
- Acquired practical experience in web application development, focusing on clean coding, debugging, and optimization.
- Gained foundational knowledge in ERPNext and the Frappe Framework, expanding expertise in ERP system development.
- Strengthened problem-solving, logical thinking, and software development skills through continuous learning and hands-on practice.

Pseudocode Infotech (1 Month)   **Ahmedabad, Gujrat**
Python ERPNext Developer   *April 2025–June 2025*

- Gained hands-on experience in customizing and extending ERPNext, with a focus on creating custom DocTypes to meet specific business requirements and workflows.
- Actively contributed to core modules, including Selling, Buying, Manufacturing, and Quality, improving business processes and ensuring seamless module integration.
- Enhanced proficiency in Frappe Framework, server-side scripting, client-side scripting and ERPNext customization.
- Developed a strong understanding of ERP system development, including implementation and optimization to support organizational needs.

EDUCATION

Dr. Baba Saheb Aambedkar Open UniverSity   **Ahmedabad, Gujrat**
Master of computer application   *Pursuing*

President Institute Of Computer Application   **Ahmedabad, Gujrat**
Bachelor of computer application   *2021 - 2024*

Mangaldeep Vidhyalay   **Ahmedabad, Gujrat**
Higher Secondary School   *2021*

ADDITIONAL SKILLS

- **Programming Languages:** Python
- **Web Technologies:** Basic HTML, Basic CSS
- **Frameworks:** Django, ERPNext, Frappe
- **Databases:** MySQL, MariaDB

PROJECTS

❖ **Restaurant Website**
  - ➢ Collage Project (Python And Django)
  - A restaurant and banquet website is a platform where customers can view menus, make reservations, and learn about services offered by the restaurant and banquet hall. It typically includes features like online ordering, photo galleries of dishes, contact information, and possibly customer reviews to help visitors make informed decisions about dining or hosting events at the venue.
  - It has enhaced my technical skills Like Python ,Django HTML ,CSS And MYSQL.
  - I also improved my aptitude and communication while learning by problem solving and interacting with mentors and presentations.

❖ **Library Management System**
  - ➢ Frappe Erpnext Learning Project (Frappe ERPNext)
  - Developed a Library Management System using Frappe ERPNext to strengthen ERPNext development skills.
  - Built key features for managing books, members, and borrowing records, ensuring smooth library operations.
  - Gained hands-on experience in customizing DocTypes, workflows, and real-world application of ERPNext functionalities.

CERTIFICATES

- Python with Django Framework– Pseudocode Technolab – April 2025
